RAG CHEW

COFFEE & COOKIES

REPORT ON THE LAST MEETING

The last meeting was an eye-ball type at Vincent Massey Park. It was well attended and the various mobile installations were most interesting to behold. Tommy VE3ABC amazed the attendees with the corona discharge from the end of his mobile whip while operating with one gallon. The whip gradually shortens with use and eventually has to be replaced. How about that!

REPORT ON THE HIDDEN TRANSMITTER HUNT

The sleuths were out in force Sunday 10 Aug 69 to locate the "Bunny". Tony VE3FXG using his ferrite loop, VE3AOEs SB101 and car accompanied by VE3BMC located the elusive VE3DNJ 28 minutes after the start of the hunt. VE3CGD proved that you can do it with a transistor radio and came in second. The last Hidden transmitter hunt was won in 27 minutes. Tony received an new ARRL Mobile Handbook for the effort! Congrats gentlemen!

MEMBERSHIP LIST

The membership list, revised to reflect many changes is included with this issue of the bulletin. Please keep it handy in the shack!

NEW APPOINTMENT

The Executive has appointed Art VE3CGD to act as Vice-President for the balance of the year. This is to fill the vacancy left by Gord VE3DMU.

CHANGE OF ADDRESS

Mr. Spanton of DOC has requested that the membership be advised to notify the nearest departmental radio inspector in writing giving particulars of the change and **SUBMIT THE STATION LICENCE FOR ENDORSEMENT**. To operate your station from the new location without authority is a violation of the General Radio Regulations, Part II, section 57. Many amateurs neglect to notify DOC promptly, and many forget to include their station licence for endorsement or amendment thereby requiring further correspondence or telephone calls to complete the requirements. Also if you change your telephone number please notify DOC. Also please advise VE3CGO.

SWAP NET

In June 1965, Jack VE3YC initiated and conducted the Club sponsored SWAP NET on 3760 kHz every Saturday during the Pot Hole Net. Last year the OARC requested that he write the Trading Post in the Groundwave. This year the OARC requested that the SWAP NET become a feature of the CCN on 2 meter FM every Monday. In four years, Jack has moved mountains of equipment and found many items required in the "Wanted" category. Jack has decided to give up amateur radio entirely for an indefinite period so that he may concentrate on his other interests which include his newest hobby, growing orchids! As most of you know he has always had a green thumb and an interest in things horticultural. Jack has been so active in many facets of amateur radio that he will be sorely missed by the fraternity. Many thanks Jack and 3 doffs of our mobile whips for another one of your many jobs well done! Your editor has agreed to continue this valuable service and it is hoped that it will be at least half as good as Jack's.

RAMBLINGS

Congratulations to Gunter VE3CKY who recently passed his Advanced Amateur Examination --I am sure you will find satisfaction from this accomplishment! --...- VE3DQM Bill married off his eldest dotter Lynda this month --...- 3GX/3CGO & family have a new addition --would you believe a pet alligator named Dracula --...- VE3GFL has taken the plunge and purchased a home in VE2 land but won't be moving in for several months yet ---Ron should be bilingual in short order --...- Viewed the new QTHs of VE3DNJ Mike and VE3GGQ Ted with envy this past month--congrats you people certainly have lovely homes! VE3SH Bernie has his new tri-band quad in operation --there was an antenna erecting bee --noticed that Bernie didn't have his FD hat on but everything went well despite this omission. --...- VE3VI Mac and Mary are testing out their new tent trailer --...- VE3EMQ Harry went to Halifax to attend the Maritime Convention --be interested in hearing your report Harry --...- VE3CQD Emil has his new compact homebrew linear going fb --...- VE3BMC Trev is in his new home --...- I believe VE3CJD ED has also moved into his new QTH --...- No wonder we had to bring out a new membership list' --...- Noticed that Tom 3ABC had a loop at the last outdoor Club meeting---he will probably be entering the next hunt --...- VE3AOE Arlyn is still in the throes of making his 2m rig multi-channel --...- Lyle VE3CEZ has been vacationing at his cottage in VE2 land and working in to Ottawa on 75 --...-

73 & HAPPY MOBILING CU AT THE MEETING
