FINAL FIELD DAY BRIEFING by VE3BGX FD Manager

COFFEE & COOKIES

RAG CHEW

REPORT ON THE LAST MEETING

Doreen VE3CGO conducted a de-briefing on the Amateur Radio participation in the 1970 Miles for Millions Walk. She extracted some statistics from the 6 typewritten pages prepared by her on the walk. Suggestions from those attending were discussed and recorded

for future reference. It is interesting to note that write-ups on the Amateur Radio participation in the walk appeared in the Brandon Sun and Fredericton Gleaner and perhaps other localities in addition to our local coverage. Gunter, VE3CKY gave an interesting talk on transistor regulator circuits, methods of measuring the power output of sonobuoy transmitters, plus a whole dolly full of other interesting gadgets which he demonstrated with the flair of a magician! Most enjoyable Gunter! Many thanks!

REPORT ON THE CLUB INFORMAL DINNER -22 May 70

The attendance was not as high as usual, however 18 persons enjoyed the Chinese cuisine and had a very enjoyable cultural conversational exchange. The food was excellent and copious in quantity. Our thanks to Art VE3CGD who made the arrangements and ordered the repast in faultless Cantonese! Afterwards the gourmets repaired to other cultural centers or to the sanctity of their homes!

FIELD DAY JUNE 27/28

By the time you receive the bulletin all members will have been canvassed to ascertain if they will participate in this "event of events". We have fortunately secured permission to use our tried and proven field day site at the farm that used to belong to Bill Manson, VE3YK. To get there, proceed along Highway 17 to the Constance Bay turn-off. Immediately upon leaving Highway 17 you will see a road heading in a Northerly direction with multi signs indicating among other things the YMCA Camp. Take this road and proceed to the end where you will see the YMCA Camp. Turn left and proceed a little over a mile and the site will be on your right. It is not easily visible from the road but there will be signs to guide you. We will be operating in the "Two Transmitter Class" multi-band C.W. and SSB. 2 M FM will be used for contact with Ottawa. Bring along your own food, sleeping equipment, lawn chairs, bug, key etc. Those without tents etc. will find accomodation with "them that has". Plan to come for the whole weekend. Have the family come up for Sunday. VE3BGX, Gib is the FD Manager. VE3DNJ, Mike is i/c the C.W. and VE2BJR, Hutch is i/c for SSB.

WELCOME ABOARD

To the following new members: VE3FHN, Lloyd Graham and to VE3CNM, Ron Archer. I hope that you will be able to actively participate in our activities.

JULY and AUGUST MEETINGS

For the benefit of our newer members our Club does not suspend its operation in the summer. We have informal meetings for the months of July and August and they are held out-of-doors. We are also the only Amateur Radio Club that has 12 meetings a year and 12 bulletins a year. Perhaps there are others but they will be few and far between. Our JULY meeting will be in the form of a corn boil come barbecue courtesy of the Club coffers. The July Rambler will contain further details.

VE3JW ESTATE

I am pleased to announce that all of the items of the late Jim Cotter, VE3JW have been disposed of by virtue of our Club "Service to Widows" and the Swap Net. Rose will use some of the money for her first trip to England in 32 years and will visit her brothers and sisters!

AUCTION PAYMENT

All persons that had items in the auction were paid in less than 10 days from the event. Congrats to Trev, VE3BMC and others for their efficiency!

RAMBLINGS

Arlyn VE3AOE has a stationwagon and will be busy installing the SSB and 2 meter mobile equipment therein.--.- Jonsey ex VE3FRE is now VO1CA and is putting a good signal into Ottawa on his dipole----he hopes to get a beam up in the near future --.- VE3FBT, Ron is on a holiday trip the the Emerald Isle and England --.- VE3BJO, Bill is now operating portable from his cottage on 75 and other bands --.- Numerous mobiles appearing back on 75 mobile after the winter --.-.

73 & Happy Mobiling to all----CU at the meeting !
