PUBLIC RELATIONS:	RUSS DOWN,	VE3EQZ	224-1803
SECRETARY:	IAN HAMILTON	VE3AMK	232-9110
TREASURER:	ARLYN EWERT,	VE3AOE	745-9221
PAST PRESIDENT:	DOREEN MORGAN,	VE3CGO	733-1721

## POT HOLE NET

Official club net. Meets every Saturday and Sunday morning at 10 AM local time on 3760 kHz. All Amateurs are welcome to check in and participate, membership in the club is not a requirement.

## SWAP NET

The club sponsored Swap Net is conducted by Ed Morgan, VE3GX, every Saturday on 3760 kHz as part of the Pot Hole Net. This service is also provided to the Capitol City Net on 146.940 MHz FM every Monday at 8 PM. Contact Ed at 733-1721 to list items or make enquiries.

## MONITORING FACILITY

Sponsored by the club as a service to the general public and to Amateur Radio. VE3CGO monitors 3760 kHz SSB and 146.940 MHz FM daily from approximately 8 AM to 6:30 PM. If you need assistance or have traffic, call VE3CGO. Please repeat the call sign several times and allow at least one minute for a reply.

NOTICE OF MONTHLY MEETING

ANNUAL OUTDOOR BAR-B-Q GATHERING

7:30 PM, THURSDAY

13 JULY 1971

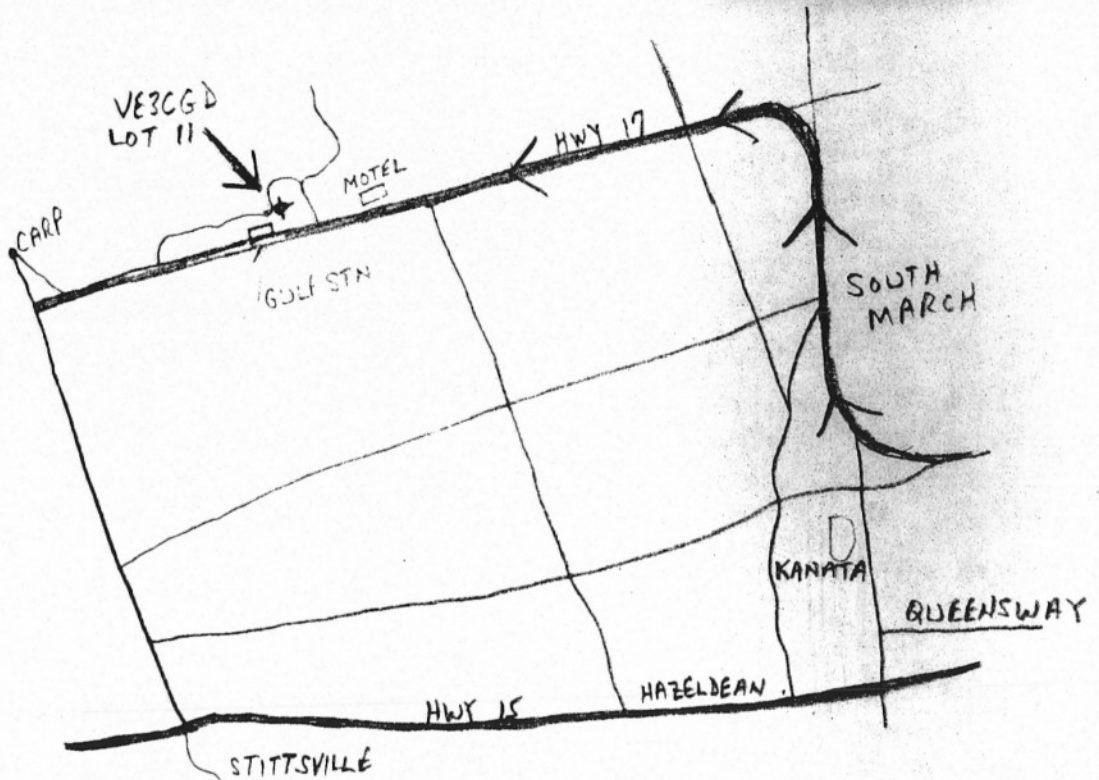

HOME OF HELEN AND ART CHILDERHOSE, VE3CGD

CARP, ONT.

Once again July is upon us and it is time for the annual Bar-B\*Q. The attached map will help guide the new members to Art's place and we only ask that you bring along your own liquid refreshment and lawn chair. The club will provide all the food. In the event of rain on Thursday we will postpone for one day and try again on Friday night, the 14th. Talk-in will be provided on 3760 kHz and VE2CRA repeater by Art VE3CGD. See you all on Thursday night in downtown 'Caaarrrp'.

CONDENSED MINUTES OF THE LAST MEETING: The meeting was chaired by the President and was attended by 26, including 5 guests. After a couple of small amendments were made to the minutes the business portion of the meeting proceeded and covered several items. The field day chairman reported that all was in readiness for the big event. Doreen, VE3CGO, reported on the Miles for Millions event, which was a great success from a communications point of view. Ed, VE3GX, reviewed the original club plans of obtaining and establishing an amateur station at the National Museum of Science and Technology and it was agreed and voted to retain the call VE3JW for the station. Ed is going to pursue the issue further as a personal project and will be soliciting help occasionally from local clubs and individuals. Hans, L4LSP, briefed the club on Norwegian amateur activities and license requirements. Hans is currently attending a local High School and will be returning to Norway this summer. The program featured Jerry, VE3LX and an interesting talk on beam antennas, specifically his Monster 20 meter home brew job. Thanks for a most interesting program Jerry.

Art is on Westwood, the third house on the left if entering from Ottawa and the third house on the right if entering from Carp . Abrown house with green doors, Lot Number 11. Stay tuned to 75 or 2 for details .

FIELD DAY '72: Although the final results were not available at press time, initial indications were that we had another successful year, with approximately 800 contacts, plus bonus points totaling 200. Our old friend Murphy made his presence known by letting loose with some rain off and on all weekend, but club spirit prevailed and everyone had a good time. Publicity coverage this year was excellent and took the form of a 21 minute spot on the local cablevision outlets, complete with film clips and interview. Full results will appear in next months bulletin but in the meantime, three doffs of the ole WHIP to the PD committee and all who participated, with special thanks to those who loaned rigs, equipment, tents, trailers, etc.
