TIME & DATE: 8 PM THURSDAY 17 JUNE 1976

PROGRAM

BUSINESS

SHOW AND TELL OF RECENT COMMERCIAL EQUIPMENT (If you have any equipment that you think might be of interest to the membership, please bring it along to the meeting)

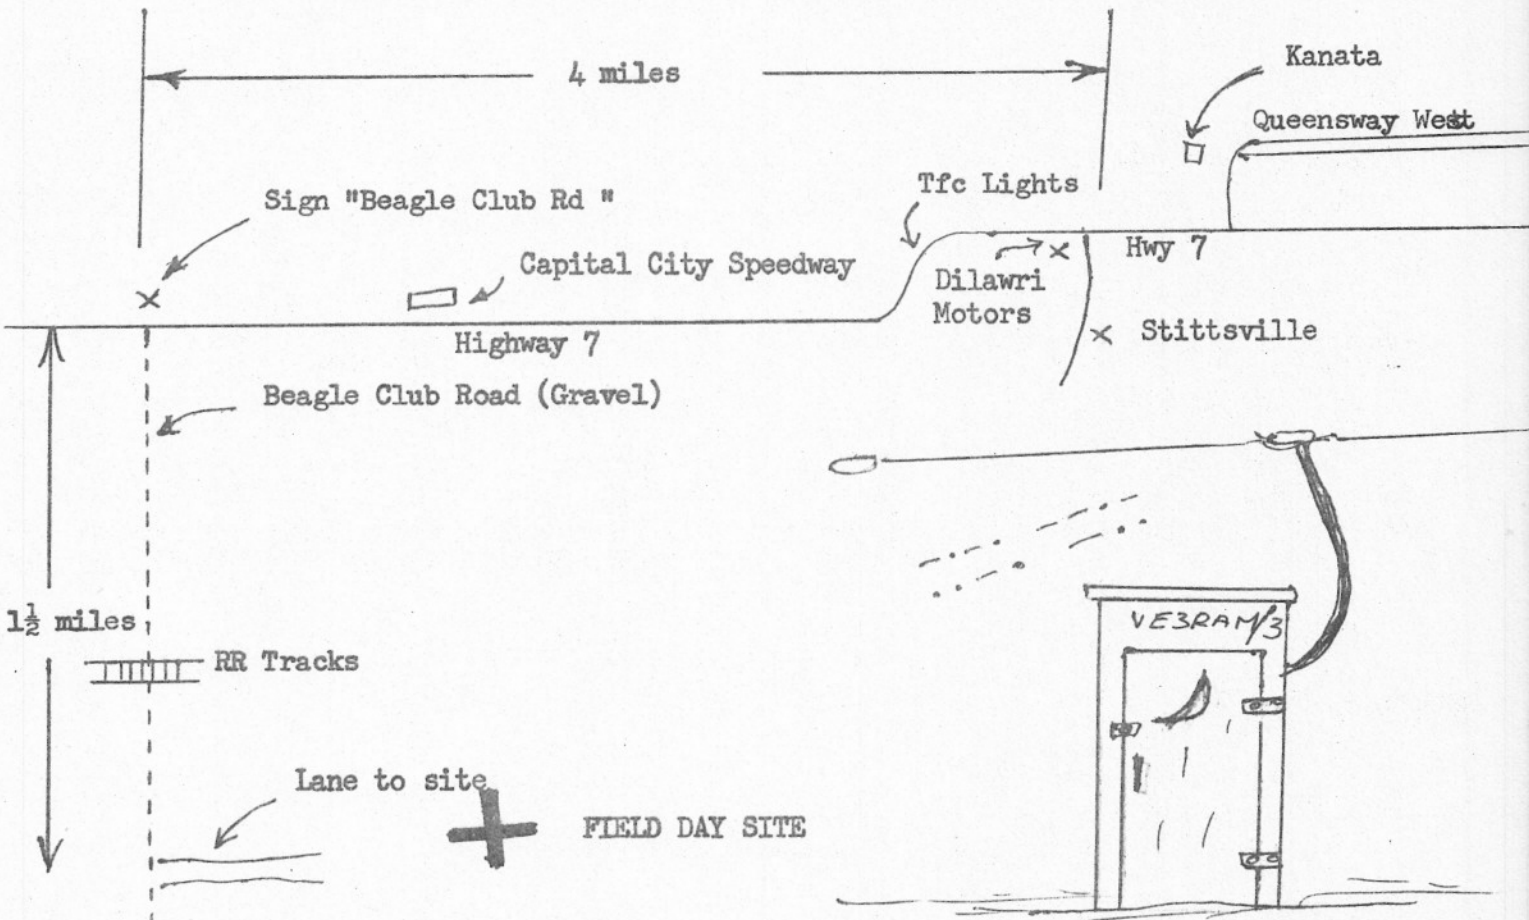

COFFEE, COOKIES & EYEBALL QSO

REPORT ON THE LAST MEETING

Mr. Jean Demers, Radio Inspector, DOC Ottawa gave a very interesting talk on radio regulations, TVI/BCI complaints and investigations. Judging by the number of questions asked during the course of the talk and afterwards during coffee and cookies it was apparent that this type of talk was long overdue. Many tanks Jean for a very interesting talk!
 We hope it won't be too long before you have a return engagement!

FIELD DAY 26/27 JUNE 1976

The Field Day location is the same as last year but for those not familiar with it, the map hereunder should be of assistance. The Club will be operating in the 2 station simultaneous class, one CW and one SSB on all HF bands 10 through 80. It looks as if we may have a beam antenna this year for SSB operation on the higher bands. GREAT NEWS for members of the fairer sex, children and shy members. Heinz VE3GOS and Ian VE3FKC have been commissioned to build a traditional outhouse which will be owned by the Club and used each year. I am sure the classic book written many years ago by Chic Sail would be of great benefit to them. Don't forget the childrens program on Saturday. Contact Pauline VE3FKCs XYL per the last issue of the Rambler if you have any that wish to participate. The FD Committee consisting of Heinz VE3GOS Chairman, Hutch VE3GUJ i/c CW and Ron VE3HDO have called the membership to ascertain who will be participating. If you havent been called please contact one of the committee members. Erection of antennas biffy, power plants etc etc will commence on Friday. Some members are taking Friday afternoon off to assist in the work and many will be staying over for the entire weekend. The set-up is a lot of work unless there are many helping hands. Plan to come out Friday and participate in this interesting aspect of the operation.

DON'T FORGET YOUR KEY, BUG, KEYS, EARPHONES --FOOD AND DRINK--OFF OR FAVORITE INSECT REPELLANT ---LAWN CHAIRS ETC. If you have a tent, tent trailer, trailer etc bring it along and set-up for a family weekend. If you do not have any camping accomodation there will be some available for operators wishing to stay for the weekend. Bring a sleeping bag, if you don't own one, try to borrow one.

POT HOLE NET

Will continue operation throughout the summer months of July and August.

MEETINGS- JULY & AUGUST

No formal meetings. There will probably be a weiner roast and another activity during the period. Announcements regarding these events will be made on the Pot Hole Net, Capital City Net or by telephone.

RAMBLER - SWAP NET - POT LID CW NET

Will cease during July and August and will return in September.

FROM YOUR EXECUTIVE

Have a happy and safe vacation. CU at the June Meeting and at FD

RAMBLINGS

Pauline VE3FKCs XYL has been made the recipient of a letter of appreciation and an associate membership in recognition of her work at the auction and the children's FD program ---- Earl VE3BNH has sold his house, to another Radio Amateur VE7BHF ---- Ed VE3GX has an unusual RFI problem on the neighbors TV --with the set switched off (for several days) and the plug out of the wall he can be heard when using SSB --not ear shattering but noticeably Best wishes from your editor for a happy vacation and an enjoyable summer--the Rambler will return in the fall .-.-.

CU AT THE MEETING - DON'T FORGET THAT IT IS IN THE CAFETERIA AND NOT THE AUDITORIUM
