NOTICE OF MONTHLY MEETING

PLACE: National Museum of Science & Technology Auditorium, 1867 St. Laurent Blvd, Ottawa.

TIME & DATE: 8 PM THURSDAY 16 June 77

PROGRAM

BUSINESS:

TALK: Field Day Briefing by Ron VE3FMW and Hutch VE3GUJ. They will discuss all aspects of Field Day with particular emphasis on areas that cause problems each year. They will also provide an insight into the general operation for the benefit of those who have never attended this gala event. If you have any questions don't be shy because it is recognized that not everyone is familiar with it.

COOKIES, COFFEE & EYEBALL QSO

REPORT ON THE LAST MEETING

Cary VE3ARS had the new Club Repeater on hand and gave a very interesting talk on the technical aspects as well as some future plans for it's operation. The call sign for the repeater is VE3TWO and is presently in operation on a temporary basis at Cary's parents home. It will be at least initially installed at the QTH of Leo Cave in the not too distant future. The frequencies are 147.90 Input and 147.30 output. It should be noted that the repeater is presently operating under VE3ARS call sign. Thanks Cary for an interesting talk. Doreen VE3CGO will be monitoring it for traffic in the near future.

VE3TWO REPEATER CRYSTALS

Cary VE3ARS will take orders for repeater crystals. Give him a call and be one of the first on.

FIELD DAY 25-26 JUNE 1977

The location is the same as last year. The map hereunder should be of assistance to those not familiar with it. We will again be operating in the two transmitter simultaneously class, one CW on SSB using the Club dipoles as well VE3FKC's beam and therefore will cover 80 through 10 in fine style. The Club outhouse will again be proudly bourne to the site and set with reverence on a hallowed spot. Hopefully, as in former years a number of members will take Friday off to assist in the erection of antennas, tents, the throne etc. We usually have a goodly number that stay over Friday as well as Saturday night. If you have a tent, tent trailer, trailer or what-have-you plan to make an outing of it. If you consider that you are not a good enough CW operator or not licenced for fone there are many jobs that you can perform that are equally important. The check logger is one of the keys to a successful operation. You don't even have to know anything about Amateur Radio to perform this valuable function. There will be children's events on Saturday afternoon and a BBQ for all in the evening. For the uninitiated Field Day is a rain, snow, hail or high water event and is never cancelled due to the elements.

DONT FORGET YOUR KEY/BUG/KEYER earphones. food, drink, lawn chairs, insect repellent and good luck charms! Come to the meeting for further details!

REPORT ON THE NATIONAL ARRL CONVENTION, TORONTO 3,4,5 JUNE 77

Yours truly was one of the many Ottawa area Radio Amateurs attending this most successful convention. I am sure that it was the largest Amateur convention held in Canada to date. It seemed that all call areas in Canada and the U.S. were represented. There were many DX Amateurs also in attendance. The Friday night Eyeball drew a tremendous crowd and was sponsored by the Nortown Amateur Radio Club. The host Club responsible for the entire convention was the Scarboro Amateur Radio Club. The Saturday Night banquet was also extremely well attended and featured Peter Appleyard and a big band as well as the beautiful and talented Canadian vocalist Katherine McKinnon. Many were initiated into the mystic and glorious Royal Order of The Wouff Hong at midnight. There were many excellent prizes, the equipment displays were mouthwatering and the forums excellent. You should have been there! Congratulations to the host Club, Scarboro Amateur Radio Club and to Nortown for an excellent convention.

PLEASE NOTE

The Rambler will not be published during July and August but will return in September. There will be at least one Club activity during this period which will be announced on the Pot Hole Net and/or by telephone. The SWAP NET and CW NET will also take a summer vacation but will return in September. THE POT HOLE NET WILL CONTINUE OPERATION THROUGHOUT THE SUMMER AS USUAL.
